SUBJECT: Traffic offense complaint

To whom it may concern,

I am the owner of the car Fiat 500L, registered with license plate EB 683 TG.

I received a traffic offense report from the Traffic Police in your city. In the report, it is said that on February 12, 2019, at 11:20 am, I did not observe a red light, and an agent saw me and annotated the license plate.

I believe there is a mistake, since that day around the same time I was at work in another city (Florence), as you can see from the picture below. I therefore ask you to cancel the fine.

Best regards,

Mr Notso Smart,
